

### **Collision of Enterprise Development training**

The four women of one SHG, Aarti, Shakuntala, Sheela and Prabhavati from Kasarshrshi village of Nilanga Taluka, Latur district wished to do some business and through EDP trainings, their way to business opened. Daily wages money was not enough to run the house. They wanted to start some business to support their household expenses. They decided to buy buffalos. To know the complications of the business, they demanded to BDSS for training on animal husbandry and milk selling. BDSS unit collected demand from for women from the same cluster and conducted training in their village. After got trained, they applied for loan from NABARD. With the application they included their training certificate. They got the loan of Rs. 30,000/- . Before purchasing the buffalos, they studied the market rates of different type of buffalos and other things related to business. Now these women started their business in their village. They constructed shed for the buffalos and taking care of them. They started the business with selling milk in the village on retail basis. Now they are in the process of expanding their business to making and selling of different milk products.
